The undersigned property owner (or owner's representative) requests HHC ARB approval to make improvements to the exterior of the residential structure at the above legal address.

Well Driller: _____ Phone: _____

Address: _____

SC Well Drilling License #: _____

Depth of Well: Shallow ___ Deep _____

Instructions:

- Property owner, well driller, or contractor to complete form.
- Pay Fees to HHC Club.
- Attach copy of approved DHEC well drilling permit.
- Attach copy of site plan drawing showing house location and location of well as measured from side and front or back property lines and location of pump, filter, tank and electrical equipment.
- Submit completed package to HHC ARB.

Wells must be located within the building setbacks. Well heads must be painted and screened with landscaping. If feasible, the tank must be located within the service yard. If the tanks cannot be located within the service yard, then it must be painted and screened with landscaping so that it is not visible from adjacent properties.
